

Craftsman Homes and Design builds high performance homes offering more comfort, lower heating and cooling costs and a healthier environment. Many components of a Craftsman home are superior to what is typically seen in the market place. Compare the features of Craftsman Homes and Design construction to those of other homes and decide for yourself!

Building Feature	Description	Benefits					Compare Builders		
		Increase Property Values	Increased Comfort	Increased Durability	Savings	Better Indoor Air Quality	Craftsman Homes		
Low-E Windows	Heat Stays in During Winter, out during summer	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		
High Efficiency Heating and Cooling systems	We only use high efficiency units whether for forced air, radiant heat or cooling				<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		
HVAC Duct work sealed, tested, and balanced	Duct sealed and tested to less than 10% leakage. Testing also done to insure system balanced (reducing hot and cold rooms)		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Properly sized HVAC Equipment	Manual J-load calculations to ensure that only the correct size equipment is installed, resulting in greater efficiency	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		
Sealed Combustion Heating appliances	Both the hot water heater and furnace are sealed combustion systems	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Quality Insulation	Quality ceiling insulation with R-38	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Moisture Control Plan	Exterior drainage plan, perimeter drainage, mechanical ventilation and no wood in the exterior walls.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
ICF Construction	6"-10" concrete walls sandwiched in 2" foam with steel ties	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Fire rated exterior walls	Savings on home owners insurance		<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		
Energy Star appliances		<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		
Mechanical Ventilation and vented range hoods	Ensures Cleaner, healthier indoor air quality		<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Built Green Certified	Meets or exceeds Higher environmental standards	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Solar Options Available	Hot water, radiant heat, and passive design	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		
National & Local Award Winning Design Team		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>
